Hi Ariadna,

My name is Steven Hirsch and I'm the Founder/Co-CEO of Vivid Entertainment. Like so many others I have followed closely the debacle which you unfortunately were part of. That could not have been an enjoyable evening.

I think I have a way that you can benefit from your experience financially as well as increasing your fame way past that of the new Miss Universe.

Try to think about the names of former Miss Universe or Miss America title holders. The only name that most people remember is Vanessa Williams. The main reason is that her nude photos appeared in *Penthouse Magazine* and as a result her Miss America title was withdrawn from her. Today Vanessa is an accomplished actress, singer and author. She has even admitted that the incident with *Penthouse* helped rather than hurt her career.

Celebrity sex tapes we have distributed have enhanced the careers of stars such as Kim Kardashian, Kendra Wilkinson, Pamela Anderson and many others.

Here's my idea. I will pay you up to \$1-million to both make movies for and represent Vivid Entertainment. You will pick your partners, the type of sex you want to have and how many movies you ultimately appear in.

In addition we will commission the making of the first Vivid Girl crown for you and we believe it will be grander than anything Miss Philippines will ever wear.

We can assure you that taking us up on our offer will more than make up for any fame and fortune you might get as Miss Universe. I can promise you that you will definitely be remembered. Please think it over. This is a serious offer and I look forward to hearing from you soon.

Sincerely,

Steven Hirsch
